CRUSADES

ASIA LIVING WATERS

1994 The Gambia Crusade

Crusade: Adem preached at this crusade to a 95% Muslim crowd. On the third night God told Adem to give my testimony of how Adem was converted from Islam to Jesus. The Muslim crowd began to throw hundreds of stones. Our African worship team physically dived off the stage. The Lord told Adem if you stand your ground you will see the glory of God. The Lord physically delivered Adem by his miracle power. As the stones came towards Adem they appeared to hit an invisible wall and dropped at his feet. Eventually the crowd saw what was happening and stopped throwing stones, as they saw that Adem had not moved from his position. Adem immediately called for their sick to be brought forward. On this particular night, every person that came for healing was healed. The first one being a young boy born deaf now immediately began shouting Jesus. The following night after the word of testimony had got around multitudes came to Christ.

Sierra Leone Crusade

Crusade: Adem was a key Leader of the team that set up this Crusade in Freetown, Sierra Leone. Evangelist Steve Rider preached this Crusade, approx 50 000 people attended the main stadium, each night for 5 nights. 10 000 of thousands healed & approximately 50 000 gave their hearts to the Lord.

We were all forced to leave the country two and half days into the campaign. This was originally a five day campaign. Kemer Rouge terrorist were caught in the stadium compound on the 3rd day as they were preparing to kill the entire team with grenades on the third night.
